

Diversity, Inclusivity, and Social Equity Board
11701 Community Center Drive
Northglenn, CO 80233-8061

The Diversity, Inclusivity, and Social Equity Board (DISE) of the City of Northglenn would like to express our concern over the humanitarian crisis in Gaza. The attack by Hamas on civilians in Israel created a terrible situation for the hostages, their families and also innocent Palestinian civilians. However, since October 7th, more Palestinians have been killed in Gaza than Ukrainians in the Ukraine-Russian war that started almost two years ago. Two-thirds of the Palestinians killed are women, children, and the elderly. To stand with suffering Palestinian civilians in no way speaks or encourages hatred of Jewish people. We stand with anyone who is living with being occupied, subjugated, or exploited.

To love and care about one people does not necessitate hatred of another. The I in DISE stands for Inclusivity. We believe in including all people in our hearts and honoring their perspectives. Our goal is to make Northglenn a place where all people can feel safe, respected, and accepted. Our hope is that the governments of the world will work towards an immediate cessation of hostilities and a sustainable, peaceful solution to the conflict in Gaza.

DISE Board Members: Everett Renberg, Autumn Romero, Christina Fischel, Wesley Dunbar, Celeste Jackson, Christina Cimino, Chase Janis, Catherine Schyling, Gilkah Argueta.
