MAYOR

Meredith Leighty

How long have you lived in Northglenn?: 12.5 years

Best way for voters to contact you:

- 303-918-1568 Cell
- mar91673@aol.com

Candidate website and/or social media:

- <https://sites.google.com/view/re-electmayorleighty/home>
- <https://www.facebook.com/MeredithforMayor>

Occupation: Elementary School Principal

What background information (education, family, work/civic/volunteer experience) would you like to share?: Born and raised in Colorado, I have dedicated my life to public service. I taught elementary school for 10 years, mentored and coached teachers for 6 years and just began my 10th year as an elementary school principal. I moved to Northglenn in 2012. I was an affiliate faculty member at Regis University for 10 years and only stepped away from teaching to serve on the Northglenn City Council.

Why would you be a good mayor?: I have served on the Northglenn City Council for the past 6 years and have been Northglenn's Mayor for the past 4 years. When I was elected in 2019, I set the intention to develop a deeper connection with our regional partners and to lead with vision and integrity. I believe I have demonstrated the leadership skills, passion and inclusivity to continue as your Mayor. I will continue to collaborate with all stakeholders to do what is best for the city and our residents

What are the top three issues facing Northglenn now and in the near future? How would you address them?: Public Safety, Homelessness, and Environmental Sustainability

All three of these issues require regional partnerships. I have built strong, respectful and collaborative relationships with key stakeholders.

We must continue to fund our police department and the CRU team (Crisis Response Unit) and ensure that they have the proper equipment to be safe and transparent. Increasing staffing, training our officers with the most current and best practices, and using creative problem solving to tackle our most pressing issues will help move Northglenn forward.

We are developing a climate action plan that will outline critical steps we can take to do our part in the region. We are "going first" by building a Net Zero City Hall!

Homelessness is multi-faceted. To make real change, we must work regionally to implement a menu of strategies. I will continue to work collaboratively to find creative solutions.

Tim Long

How long have you lived in Northglenn?: 24 Years

Best way for voters to contact you: phone or text 303-246-5444

Candidate website and/or social media:

- Website: www.timlongfornorthglenn.com
- bristlecone11@gmail.com

Occupation: Healthcare-Hospital Administration; Business Owner-Teachers Continuing Education

What background information (education, family, work/civic/volunteer experience) would you like to share?: Education: MHA CU-Health Admin. Family: Married-Donna Newberg-Long, (Ph.D. DU-Ed. Leadership) 6 adult children (3 grandchildren) Published Author (historical Western fiction) Travel: International Hospital Development; Old West travel visits; Work: decades-long hospital & medical practice mgt, market assessment & financial feasibility projects, mergers & acquisitions. Volunteer: NURA Board (2003-2011), NMF RD Board-Treasurer (2012-2023), VNA Board, Little League Coach.

Why would you be a good mayor?: I will uphold & honor core democratic values, not "politics" or "pre-scripted messages" from outside sources. With my leadership, hardworking taxpayers will get a practical voice in government – one they can TRUST. Given my life's journey, I bring an ability to evaluate & assess "administrivia" – knowing differences between NEEDS, WANTS & VIRTUE SIGNALING. Being a likable problem-solver, Big Picture via decision-making, balanced, common-sense outcomes will be known.

What are the top three issues facing Northglenn now and in the near future? How would you address them?: Safety. There are not 85 Police Officers-standard set by consultants; 71 are slated in the soon-to-be-approved City Budget–14 short. Social stigma makes recruitment difficult, doesn't mean not to try. Forms, paperwork, reviewing body-cam footage & court appearances takes time & energy; judgments comes down with \$150 fine; perp's out & gone on Personal Recognizance ready to steal another car. City has among highest car theft rates in U.S. Compared to similar population cities, ours fares badly (FBI-Oct.2022). Within Colorado 92% of communities have a lower crime rate than Northglenn. Crime does not rest: more people = more consequences (Karl's Farm plus high-rises coming). Police Department needs to be fully staffed. Within 2-3 years Fund Reserves-emergency monies to bolster tax revenue shortfall are negative, underwater due to unnecessary high-cost poor-choice ideas. Dangerous Street Racing. Residents are angry, police frustrated.

Mark Bromley

How long have you lived in Northglenn?: 54 years

Best way for voters to contact you: voteBromley@gmail.com

Candidate website and/or social media:

- <https://www.voteBromley.com>
- <https://www.facebook.com/voteBromley/>
- https://twitter.com/MarkP_Bromley
- <https://www.youtube.com/@votebromley>
- <https://www.facebook.com/groups/MarkBromley/>

Occupation: Artist/Author/Engineer CEO MPB Enterprises A+ listed BBB Veteran Business

What background information (education, family, work/civic/volunteer experience) would you like to share?: Educated in Northglenn, Northglenn High 88', Western University 4 years, US Navy Great lakes Electrician, Electronics, Mechanical, Professional lic., Advanced in Leadership on two aircraft carrier mission critical operations flight deck duty. Enforced SOFA, NFPA member and policy, worked with Embassy staff, DHS, DOT, Law Enforcement, SRF, ALRE, FRA, FEMA, US/Foreign relations Asia and Middle East. Leader in shipbuilding, qualified for Nuclear and A+BBB Listed Tech design

Why would you be a good mayor?: I'm smart, good looking, and gosh darn it people like me, a lot. Anyhow, I'm professional and polished with extensive experience world wide and in many states in critical thinking and critical roles. Because of Northglenn schools I am a successful A plus BBB business. Being Mayor is about ensuring proper use of resources and service implementation. The current council has failed. This N7 day let Mark Bromley show you the mass effect of a good and strong determined Mayor.

What are the top three issues facing Northglenn now and in the near future? How would you address them?:

- Finally Mayor Mark Bromley will remove the final vestige of the Toxic council from 2019. That toxicity has weaponized DEI to a lynch mob and Kangaroo court seen at vote-Bromley.com. Over a decade while I was in the Navy the mice have ruined Northglenn and I will restore Northglenn back from the brink of self destruction to good and proper perspective and a bright future of growth.
- Northglenn councils past dysfunction will not impede our glorious future and restoration of proper function of Council. This means digging in to poor legislation at the city, county, school district, state and national level and working to correct policy that harms us.
- Four years ago I pointed out problems of incomplete infrastructure. The stupidity of the city blames Northglenn for being 50 years old. We are a modern city not some podunk town. Corruption of council is why our infrastructure sucks and flooding happens. I will fix all of this.

WARD 1

Megan Burns

How long have you lived in Northglenn?: A wonderful year and a half

Best way for voters to contact you: via email at burnsfornorthglenn@gmail.com

Candidate website and/or social media: [@burnsfornorthglenn](https://www.facebook.com/burnsfornorthglenn)

Occupation: Digital Marketing and Branding Consultant

What background information (education, family, work/civic/volunteer experience) would you like to share?: I grew up on the east coast before making Colorado and Northglenn my forever home. My husband and I were lucky enough to buy our first home here in Northglenn where we continue to grow our family and build strong roots in this amazing community. I have always been civically active and jumped right into the Northglenn Community by joining CAB and then being appointed to City Council where I have been serving since March.

Why would you be a good City Council member?: I am a councilmember who represents all residents of Ward 1 and all of

Northglenn. As our community continues to grow and change, I want to make sure that different perspectives and ideas are heard and shared, especially those of other young, hard working people and families like myself, have a voice here in Northglenn.

What are the top three issues facing Northglenn now and in the near future? How would you address them?: The main issues facing Northglenn are similar to those many cities across America are challenged with: future-proofing our infrastructure, housing, and safety.

As our weather becomes more extreme each year we need to ensure our city can withstand flooding, fires, snow, and drought. This means making sure we have the equip-

ment, people, and knowledge we need to thrive and meet any disasters that come our way.

Housing prices in the metro-north and all across Colorado continue to rise. We want to make sure that people who work here can afford to live in our great city and we have housing that allows new families to move here and stay here as well as taking care of our aging population to make sure they are not priced out of their community.

Residents of Northglenn deserve to feel safe in their city. We must continue to support the community based policing we are working towards as well as grow our best-in-class Crisis Response Unit.

2023 City Council Candidate Profiles: WARDS 2 & 3

WARD 2

Adam Nowicki

How long have you lived in Northglenn?: Four wonderful years this November!

Best way for voters to contact you: I can best be reached by email at nowicki4northglenn@gmail.com

Candidate website and/or social media: Voters can find out more about me on my website at nowicki4northglenn.com or on my Facebook page at facebook.com/nowicki4northglenn

Occupation: Therapist and small business owner

What background information (education, family, work/civic/volunteer experience) would you like to share?: My education, background, and experience have been in the mental health field and next year I will celebrate 20 years in that industry. I am a licensed clinical social worker and addiction counselor and own my own counseling business helping those with mental health and substance abuse challenges to recover and lead fulfilling lives.

In my personal life, I am a husband and a father. I enjoy spending my time playing guitar, doing jiu jitsu, and being outside.

Why would you be a good City Council member?: I would be a good City Council member because I care about this little city and want it to be a great place to live, work, and raise a family for years to come. Furthermore, my values including optimism, collaboration, and service, make me someone who can listen to differing viewpoints and find consensus in order to move things forward and get things done for the residents of the city.

What are the top three issues facing Northglenn now and in the near future? How would you address them?: First, I want to ensure that we continue to focus on the safety of our residents, businesses, and the city as a whole. This means ensuring that the police department and CRU are fully staffed, operational, and have what they need to address issues as they arise within the city.

Second, homelessness is a growing issue. This is a national, as well as regional problem, and it is important for Northglenn to be actively involved in regional discussions about possible solutions that will affect our city. This also means having services available and accessible to individuals who may be struggling with mental health and substance use issues and would like to get help.

Finally, maintaining and improving city infrastructure continues to be important and the need will only grow as the city does. It is critical that we are funding projects to improve roads, water, and sewage as demand for these services increases.

Spencer Yale

How long have you lived in Northglenn?: I have lived in Northglenn my entire life. (last 23 years!)

Best way for voters to contact you: The best way is via phone call or text message at my cell phone #720-454-0300. You are also able to email me at yaleforcc@gmail.com

Candidate website and/or social media: www.yaleforcc.com (Note: At time of printing, browsers displayed security warnings when accessing the website.)

Occupation: Currently Working in the finance industry as a Personal Loan Officer and Banker.

What background information (education, family, work/civic/volunteer experience) would you like to share?: Working in the financial industry has given me so many insights into the daily lives of every walk of life here in Northglenn. We have so many residence that are struggling right now either due to inflation, crazy housing prices and so many other issues related to the economy. In my eyes local government's job is to make sure everything keeps running smoothly so our residents can focus on keeping afloat.

Why would you be a good City Council member?: I am a driven, charismatic and focused individual. I am looking for long term solutions for long term problems. We have had too many band-aid fixes for things my entire life and its time we focus on long term results rather than short term improvements.

What are the top three issues facing Northglenn now and in the near future? How would you address them?: Homelessness: Unfortunately one of the largest problems I've come across while campaigning both in 2019 and today is regarding people experiencing homelessness. \ This problem needs a unified approach on both the city and county level. We should work with Thornton and our other neighboring cities to develop homeless shelters that can link people up with resources to get them off the streets.

Urban Renewal: One of the most disappointing aspects of our city is the huge amount of disparity between our business centers. We need to expand the current criteria of NURA grants to include Parking Lot upgrades and Exterior lighting. I am tired of seeing the Safeway parking lot full of pot holes so big you can fit a person in them.

Unifying Council: Unfortunately we have had some recent strife between our current council members due to a clash in political ideology. We need to make sure that a healthy relationship is being fostered.

Laura Garcia Pascoe

How long have you lived in Northglenn?: Colorado Native and a resident of Northglenn for 2 years.

Best way for voters to contact you: lauragarciapascoe@gmail.com

Candidate website and/or social media: lauragarciapascoe.com

Occupation: Home Health Care

What background information (education, family, work/civic/volunteer experience) would you like to share?: Married for 28 years to Andy Pascoe, we have 2 children. I have volunteered for a Non-Profit organization, and I served on the board of directors as Secretary for a number of years. My years of running a household has prepared me for City Council. The responsibility of running a household is not so different then running a city. Tough decisions have to be made; can we afford this or that; is what you are going to be doing, safe?

Why would you be a good City Council member?: The citizens of Ward 2 in the City of Northglenn can count on me to accept the responsibility of acting on their behalf; to represent their best interests.

What are the top three issues facing Northglenn now and in the near future? How would you address them?: SAFETY/SECURITY: Foster a stronger sense of community. Encourage support and respect for our local law enforcement. Continue to seek fresh new ideas and maintain efforts to promote public awareness of the city sponsored programs that benefit the citizens of Northglenn.

MAINTAIN & IMPROVE: My home lies in a neighborhood typical of Northglenn. An area comprised of older, well-built houses that provide comfortable living conditions. Look no farther than Northglenn's trash and recycling services to find strong evidence that the city is serious about providing convenient and affordable strategies to dispose of yard waste, oil and large household items that might otherwise dot the area with clutter. We need to keep it up and expand.

BUSINESSES & ECONOMY-Ensure Northglenn is going the distance for small business. Help take control over our economy and stop feeding the giants.

WARD 3: 4-YEAR TERM

Katherine Goff

How long have you lived in Northglenn?: I have lived in Northglenn since 2010.

Best way for voters to contact you: I can be reached at katherine.e.goff@gmail.com or 720-668-8110. Don't be surprised if my husband answers as the phone is on his desk.

Candidate website and/or social media: I can be found on FaceBook as Goff4Ward3.

Occupation: I am a retired teacher and worked for Adams 12 Five Star Schools for 25 years.

What background information (education, family, work/civic/volunteer experience) would you like to share?: I was the first in my family to attend and complete a college degree. I earned my PhD from U. C.D. in Educational Leadership and Innovation. I was a member of the Resident Task Force that helped design our new Rec Center building and then a member of the Citizen Affairs Board. I have been on the Diversity, Inclusivity, and Social Equity Board since its creation. I also represent Northglenn on the Colorado Communities for Climate Action and am currently the president.

Why would you be a good City Council member?: After the Mayor, Meredith Leighty, I will have been on City Council the longest. I can provide some continuity and history to the newly elected on Council. I will continue to be accessible to residents and to answer questions, respond to concerns, and assist them when needed. I have a vision for Northglenn that has been developed by past Councils and is supported by the majority of the current City Council.

What are the top three issues facing Northglenn now and in the near future? How would you address them?: Public safety, homelessness, and economic development are the top 3 issues facing Northglenn. I will continue to support our Police Department, Public Works, and Planning and Zoning Department, to address these issues. I support a budget that funds the recruitment of more police officers, and programs like the Safety Sensitive Zones to reduce speeding. Since I have been on City Council, we have increased the budget for Street Maintenance and Repair, and for updates to our water storage and Wastewater Treatment Plant. I will continue to support the Crisis Response Unit and its efforts to help those residents who need it. Currently I am working with a coalition of neighboring communities to address homelessness as a regional problem in order to create sustainable solutions. I have supported the redevelopment of The Marketplace and Karl's Farm. We may not have a lot of room left, but the City can still grow!

WARD 3: 2-YEAR TERM

Richard A. Kondo

How long have you lived in Northglenn?: Since 2021; grew up here in '70~80s. Parents were original PerlMack owners

Best way for voters to contact you: Cell: 303-246-3031 | Email: richkondo4ngward3@gmail.com

Candidate website and/or social media: <https://www.facebook.com/profile.php?id=100081938847378>

Occupation: Owner, Excelsior Consulting; MedTech marketing advisor Board, North Metro Fire

What background information (education, family, work/civic/volunteer experience) would you like to share?: Please see www.linkedin.com/in/richard-kondo

Career: Led medical device, federal government & military entities up to 830 people. Drove marketing, strategic planning, culture change, M&A and international commercial operations. Visionary, results-driven, and people-focus inspires colleagues to inno-

vate and solve complex challenges

Education:
• Harvard University, Graduate School of Business Administration, MBA
• United States Naval Academy, B.S. Aerospace Engineering

especially youth & gun-related violence and street racing Actions: Fully funded NPD's School Resource Officer (SRO) & community outreach programs. Approved NPD Chief's proposed staffing plans. Backed implementation of 2022 Compensation Study recommendations => better recruitment/retention of commissioned officers & key city staff positions

Why would you be a good City Council member?:
• Diverse education & career in private/public arenas enables me to quickly ramp up on complex issues and ask critical questions to quality check city staff-developed plans & initiatives
• Board of director & senior executive experience enables me to inform & shape policy/budget as well as collaborate with other council-members to make well-informed and disciplined decisions that benefits the city as a whole
• Honed abilities to empathize & see other perspectives

What are the top three issues facing Northglenn now and in the near future? How would you address them?:
1. Public Safety: Rising crime,

2. Recapitalize Key Infrastructure: Waterworks & Streets
Actions: Augmented council's waterworks awareness => fully funding waterworks upgrades & grant applications for infrastructure upgrades. Built council support to fund future street maintenance to keep PCI quality index > 70. Backed council's approval to widen 120th Avenue

3. Disciplined fiscal spending: Ensuring city's future viability Actions: As finance committee member, driving to realize judicious spending in multiple funds. Staying current with State legislation that impacts city revenue proceeds

2023 City Council Candidate Profiles: WARD 4

WARD 4: 4-YEAR TERM

Shannon Lukeman-Hiromasa

How long have you lived in Northglenn?:
Almost 9 years

Best way for voters to contact you:

- Cell: (970) 567-0028
- Email: lukemanshannon@gmail.com

Candidate website and/or social media: <https://www.facebook.com/CouncilMemberLukemanHiromasa>

Occupation: Co-CEO/Founder Colorado Krav Maga (Israeli self-defense system)

What background information (education, family, work/civic/volunteer experience) would you like to share?: I am married with 3 adult children (one is autistic) and 2 beautiful grandchildren. I am a small business owner and entrepreneur. My degrees are in Sociology and Psychology with Honors from CU Denver. As a councilmember, I serve on the Victim Assistance and Law Enforcement (VALE) Board, the Colorado Municipal League (CML) Executive Board, Youth Commission, Northglenn Senior Organization, Legislative Committee, Business Retention and Expansion Committee and others.

Why would you be a good City Council member?: It's been an honor to serve as a councilmember over the past years and I've worked hard to represent and advocate for all the diverse voices in Ward 4 and our city. I am proactive, involved, collaborative and very responsive to my constituents. I truly care about their concerns and ideas. I make sure their voices are heard. I understand we must do the hard things to continue to move our city forward and I will continue to work hard as your representative.

What are the top three issues facing Northglenn now and in the near future?

How would you address them?: 1.Public Safety: Crime, speeding/racing, opioids, parks. Solutions include continue to work with our PD on more strategic police visibility and enforcement, CPTED, Flock cameras, NNFS and Neighborhood Watch programs. Continue regional collaboration on speed rating and vehicle abatement. Adams County is working on a new detox center. 2. Homelessness. We must continue work to increase regional and state collaboration. Northglenn hosted a Bridge Summit which brought together approximately 100 municipal representatives and stakeholders to brainstorm solutions and commit to working together. The Crisis Response Unit continues to be a crucial asset in efforts to address the complex layers of homelessness. 3.Infrastructure. Roads. Water. Facilities. Our Water and Wastewater Treatment plants were built in the 1980's. The city has invested millions in improvements for these facilities, new facilities and for our residential street program. Plan.

WARD 4: 2-YEAR TERM

Preston Evans

How long have you lived in Northglenn?:

Proud to have been born and raised in Northglenn! Resident for 20+ years.

Best way for voters to contact you: Call or text 970-460-6330, or email Evans4NGCC@gmail.com

Candidate website and/or social media: Evans4NGCC.com

Occupation: Marketing & Operations Manager for a local safety equipment provider

What background information (education, family, work/civic/volunteer experience) would you like to share?: Born at St. Anthony's North, attended Hillcrest Elementary, and obtained a Master's in Public Policy on a full scholarship to the University of Denver. I have experience in both the public sector (public transit, administrative, and analysis) and the private sector (account management, communications, and operations). I am a strong advocate of continuing community programs that can provide meaningful assistance such as Dumpster Day and Shred-A-Thon!

Why would you be a good City Council member?: Having been born and raised in Northglenn, I have a passion for the city and am committed to doing what's best for our community. I believe that members of city council must be both knowledgeable and curious in order to govern responsibly and empathetically. I will work hard to foster positive relationships between local government and small business, as these entities being strong and united is imperative to the health and prosperity of our community.

What are the top three issues facing Northglenn now and in the near future? How would you address them?:

1. Northglenn faces a significant homelessness issue with associated safety and health concerns. It's time to engage stakeholders like business owners, police, community members, and the unhoused themselves. Our goal should be to empathically plan for both immediate and gradual affordable housing solutions.
2. The city's infrastructure is showing signs of disrepair. While projects like Huron street refurbishment are underway, ongoing strategic planning is essential. Recent improvements in wastewater treatment, city hall, and the police station are positive steps, but we must prepare and budget for upcoming public property needs like schools, roads, and sidewalks.
3. Ensuring the success of Northglenn's students, especially the 62% from economically disadvantaged families, is crucial. This includes providing reliable internet access, nutritious food, empathic staff, and a focus on STEM to prepare students for tomorrow's job market.

Andrew Thompson

How long have you lived in Northglenn?: Six years.

Best way for voters to contact you:

Voters can reach me via email at vote4andrewthompson@gmail.com or by phone at (720) 432-8585.

Candidate website and/or social media: vote4andrewthompson.com

Occupation: Attorney

What background information (education, family, work/civic/volunteer experience) would you like to share?: I'm a Colorado native and have lived in Northglenn since 2017. I have two rockstar daughters (ages 6 and 3) and an incredible wife. I graduated with a bachelor's degree in chemical engineering from Colorado State University and a law degree from the University of Denver. I like to get my hands dirty, volunteering to pick up litter in my community and shoveling snow for the elderly persons around the neighborhood. I love the outdoors and serving my community.

Why would you be a good City Council member?: I am driven to make my home a quality place for the present and the future. Not everyone sees eye-to-eye. I have experience operating in high conflict situations. I have a talent for broadening people's perspectives to find common ground on important issues. I am an analytical and critical thinker, with an aptitude for forecasting the natural consequences of preliminary decisions. I am honored to lend my abilities to build a stronger and supportive community.

What are the top three issues facing Northglenn now and in the near future?

How would you address them?: Business development. Small businesses require the support of local government and the community. We send monies to businesses in adjacent cities because comparable local amenities are lacking. Let's flip that. We need to develop Northglenn's valuable resources (e.g., the Northglenn Marketplace, open spaces, etc.) to draw enthusiastic business partners capable of supporting each other, our community, and ultimately, Northglenn.

Resource management. It is human nature to create projects and then neglect their maintenance. City services benefit from coordination and oversight. My focus would be to consolidate resources between city services and reallocate resources where necessary.

Conservation. Our community lives and dies on its sustainability of which conservation is a pillar. My focus would be to develop programs encouraging the use of renewable energies and water conservation to promote a positive conservation culture.

Jody Roper

How long have you lived in Northglenn?: I have lived in Northglenn for 20 years.

Best way for voters to contact you:

Voters can contact me through my website: www.RoperForNorthglenn.com or through email: RoperForNorthglenn@gmail.com

Candidate website and/or social media:

- Website: www.RoperForNorthglenn.com
- Email: RoperForNorthglenn@gmail.com
- Facebook: Roper For Northglenn
- Instagram: [roperfornorthglenn23](https://www.instagram.com/roperfornorthglenn23)

Occupation: I am an assistant principal

What background information (education, family, work/civic/volunteer experience) would you like to share?: In my teens and through college, I worked for the City of Brighton in the Parks department, and after teaching swimming lessons and leading summer camps, I realized how much I enjoyed teaching as well as helping others. I have spent the majority of my career in education, which has taught me how to lead, as well as how I can meet the needs of others. Whether volunteering at a food bank or teaching confirmation, I truly find joy in helping those around me.

Why would you be a good City Council member?: As a child, I grew up coming to the Northglenn Mall to eat at Furr's Cafeteria. I grew up playing soccer on the fields of Northglenn, and I have raised my family here over the last 20 years. I love our city, and I would be a good City Council member because I am a people person, and I believe in the importance of relationships. I demonstrate integrity and honesty in my daily life and work. I will work tirelessly, not only for Ward 4 but for our entire city.

What are the top three issues facing Northglenn now and in the near future? How would you address them?: Northglenn is a wonderful city, and over the past few years, Northglenn's leadership has developed a strategic plan to address areas of strength and opportunities for growth.

I believe in creating, and strengthening a sense of belonging within our community. A place where EVERY person feels honored, valued, and heard.

I have heard from many community members that safety is a concern. Our community deserves safe parks, and places for our families and friends to gather. We have unhoused individuals within our community, and we must balance how to best provide them with the support that they need while maintaining safe community spaces for ALL.

As an educator, I am inspired by and committed to seeing the potential in our young people. Providing opportunities for engaging in and allowing our young people to be heard is essential as they are tomorrow's leaders.

I am excited to pour my heart into this campaign for the city that I love
