EVENT

The city held a topping out celebration for the Northglenn Justice Center on Thursday, Oct. 5. A topping out celebration is a construction ritual performed when the last beam is put into place. Participants celebrated by signing one of the building's pillars for posterity. When it is finished in the fall of 2018, the center will house the Police Department and Municipal Court. Go to www.northglenn.org/justicecenter for more information.

Left: Judge Corinne Magid

Right: Council members Kyle Mullica, left, and Becky Brown, right, sign the pillar.

There's a New Website in Town

► NorthglennArts.org Source for City Arts and Culture

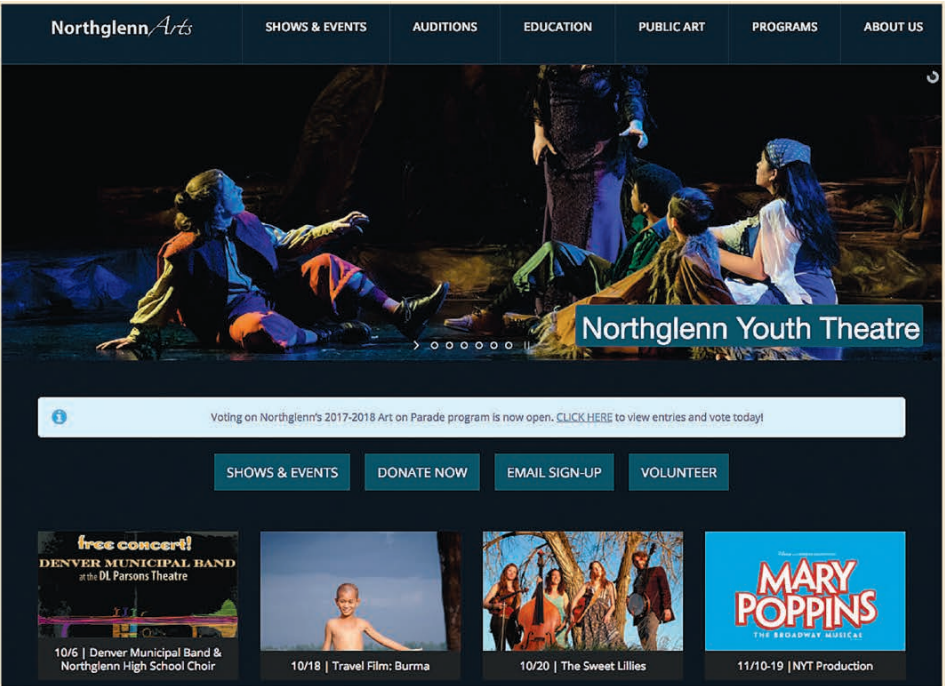

The city is proud to announce the launch of the new Northglenn Arts website, www.northglennarts.org, where everything arts related is in one place.

- If you're looking for details about the A Capella Concert Series, movies and concerts in the park
- If you want to audition for a show or volunteer at the theater
- If you're buying tickets to a city-sponsored play or concert
- Or for any other arts related activities in Northglenn

Then this is for you.

"Northglenn's D.L. Parsons Theatre and city parks have been a preferred destination for arts and culture since the 1970s. With such a rich history and wide variety of arts programming, we launched the new website to assure information was accessible and that buying a ticket or registering for a class was only a few clicks away," said Cultural Programs Supervisor Michael Stricker. "We hope residents like the new site and visit often."

Northglenn Arts, the Cultural Programs Division for the city, is funded through

grants and donations received by the Northglenn Arts & Humanities Foundation, along with city funding.

For more details contact Michael Stricker, mstricker@northglenn.org, or 303.450.8727.

New Rec Center for Northglenn?

► Hundreds of Responses on Potential Project

As you probably know, Northglenn has begun the process of evaluating the community's interest for a new recreation center, senior center and theater, something you told us you wanted during the Civic Center Master Plan discussions last year.

Importantly, funding has been identi-

fied to build a new facility without any increase in taxes, should the residents and City Council decide to move forward with the project.

Thank you Northglenn! During the months of September and October a series of community meetings was held, including events at the recreation center and at Pirate Fest, an open house, an online survey and series of focus groups. Over 500 people provided feedback online or at one of these forums.

It's not over yet...watch for a series of community meetings to be held in

February 2018, where we will be seeking feedback on the proposed plan.

In addition, the Project Advisory Committee of current recreation participants and residents has been formed. This group of 25 individuals will participate in a series of five, four-hour workshops over the next six months. They will review the information, and together with city staff, will take a recommendation to City Council in March 2018.

For more information contact Amanda Peterson at apeterson@northglenn.org.

NO TRASH PICKUP ON THANKSGIVING

The city will NOT pick up trash on Thanksgiving – Thursday, Nov. 23.

If your trash is normally picked up on Thursday by the city, it will instead be collected on Friday, Nov. 24.

Households that normally have Friday pickup will still have their garbage and recyclables taken away on Friday, Nov. 24. Residents are urged to have their trash and recycling carts out on the curb by 7 a.m. on Friday.

The trash schedule for Monday, Tuesday and Wednesday of that week will not be affected.

For more information, please call 303.450.4004 between 7 a.m. and 3:30 p.m. weekdays, or e-mail bsherrill@northglenn.org.

Multiple Pathways of Learning

NHS P-TECH Students Earn Associate Degree

A group of students at Northglenn High School are one year closer to earning not only their high school diploma but also an associate degree in computer information systems – and all at no charge thanks to a new program.

This summer, 31 new students joined 32 returning students from the previous year who are part of Northglenn’s P-TECH campus, EC@N-STEM (short for Early College at Northglenn STEM).

Pathways in Technology Early College High School, or P-TECH, programs bring together high schools, colleges and businesses to create a unique learning environ-

ment geared toward real-world experience to prepare students for in-demand jobs. Gov. John Hickenlooper signed off on P-TECH in 2015 and Adams 12 Five Star Schools was one of three districts – and the only district in the Denver metro area – to announce a P-TECH campus in 2016.

P-TECH gives students options, said Kerry Glenn, district P-TECH-STEM coordinator.

“We want to provide opportunities for students to be immediately employable in STEM-related fields right out of the program, as well as have opportunities for them to earn bachelor’s and master’s degrees, if that is a direction they choose to pursue,” Glenn said.

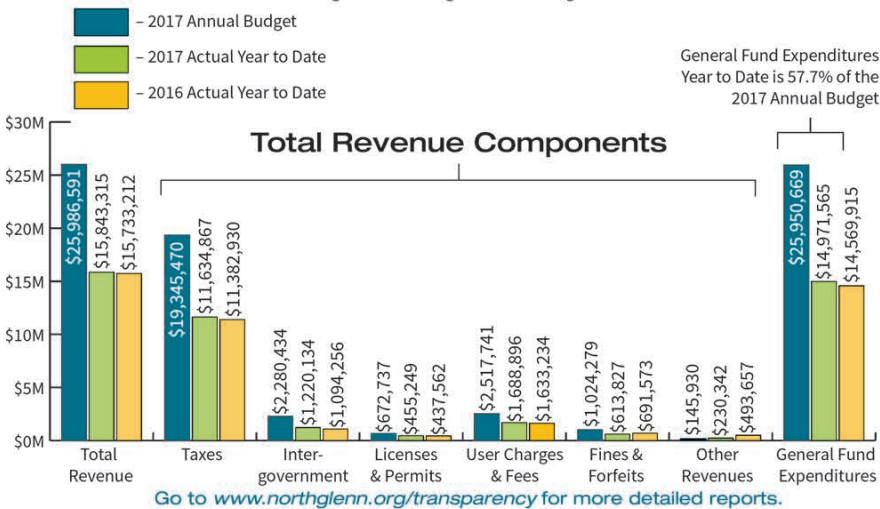

Through this partnership, Northglenn High School is an accredited location through Front Range Community College.

Students in Northglenn High School's P-TECH program work on problem-based learning projects.

NEWS BRIEFS

Energy Rebates for Residents Available:

Cooler temperatures mean it's time to turn on the heat. If you need a new furnace, consider a high-efficiency model to save money on energy bills and get \$300-\$400 in rebates from Xcel Energy. Improve your insulation and air sealing and the rebates can reach over \$1,000.

High-efficiency water heaters are another great way to save energy and money because water heaters typically use half of the energy in your home. Xcel Energy offers rebates of up to \$450 on qualifying water heater models.

To get started and learn more, please visit www.xcelenergy.com/StayWarm.

Crackdown on HOV

Violators: In response to feedback from customers and local governments along the corridor, there will be increased safety enforcement along the US 36 and I-25 Express Lanes. Since July, nearly 900 traffic violations for HOV violations and reckless driving have been committed, such as crossing solid lines, weaving in and out of the Express Lanes and other violations. An HOV violation comes with up to a \$250 fine, and weaving in and out of the Express Lanes or crossing the solid lines can yield up to a \$1,000 fine and points off a driver's license. When you drive along these corridors – be aware that enforcement is on!

Wastewater Treatment Plant Enhancements

► Prolongs Life of Needed Facility

The city's Wastewater Treatment Plant is nine miles away in Weld County.

This means that wastewater, or water that is used for any purpose such as bathing, laundry or flushing, is pumped nine miles before it can be treated and returned to the earth.

The process from your home or business to the treatment plant is complicated and includes a series of pumps and lift stations before it reaches the plant for treatment and disinfection. This complex system requires periodic upgrades to treat wastewater in accordance with federal standards.

Extensive work is currently in process at the Wastewater Treatment Plant, an aging facility. In 2017, \$13 million was spent on construction at the plant, and \$29-\$32 million will be invested from 2019-21.

This construction is essential if we are to continue to provide residents with reliable wastewater service.

Public Works Director David Willett describes it this way: "Northglenn will continue to offer the best wastewater service at the lowest possible cost. Construction at the Wastewater Treatment Plant is planned over the next 10 years. We plan ahead and know what we need. Current construction will help to assure a fully functioning wastewater system for many years."

FACT OR FICTION?

The Water Treatment Facility, located on 112th Avenue, treats and pumps out approximately three million gallons of water each day in the winter and up to 10 million gallons in the summer to meet the needs of customers.

Fact: It operates 24 hours a day, seven days a week, 365 days a year. 70,000 tests to assure quality are run each year.

Street Snow Removal Routes

The city first clears snow from roads that receive the most traffic before moving on to other streets. If a major storm is in the forecast, the city will pretreat major streets, overpasses, hills and intersections to prevent ice build up.

- First Priority:** Main streets. All lanes are plowed in each direction. Examples are 104th Avenue, 120th Avenue, Huron Street and Washington Street.
- Second Priority:** School zones and streets motorists typically use to reach main streets. Examples are Claude Court, Fox Run Parkway and Pecos Street. One lane is plowed in each direction.
- Third Priority:** Residential streets that connect with first priority or second priority roads. One lane is plowed in each direction.
- Fourth Priority:** Residential streets with the lightest traffic. They are plowed only if snow levels reach 8 inches, and then a single lane will be plowed down the middle of the street.

RECYCLE YOUR GREEN WASTE

Trash cart space is precious. Don't use it up with grass clippings, leaves and tree branches.

Take them to the city's Yard Waste Mulching Center in the city's Maintenance & Operations Facility, 12301 Claude Court. Please bring proof of residency, as only Northglenn residents can drop off debris. Most yard waste is accepted - except dirt, sod and gravel.

We take the yard waste and churn it into mulch that anyone - resident, non-resident and business - can have. Bring your own shovels, as the city does not provide tools to use. City staff can help load the mulch into trailers and pickups if a liability waiver is signed.

You can stop by the center every Friday year-round, 11 a.m.-2 p.m. Through November, it's also open every Saturday, 8 a.m.-3 p.m.

Questions? Call 303.450.4004 or go to www.northglenn.org/yardwaste.

Artist's rendition of finished facility.

FIREHOUSE REMODEL

The renovation to North Metro Fire Rescue District Station 63, at 10941 Irma Drive in Northglenn, is on schedule. Firefighters are expected to move into their new quarters in December. The walls of the enlarged apparatus bay that will house the fire engine and ambulance are in and the second floor foundation has been poured. (Yes, the station will have a pole for the firefighters to slide down). Station 63 is the busiest in the district, responding to more than 2,800 calls last year.

WATER RESTRICTIONS AND CAR WASHING

A question came up, "Can I still wash my car in my driveway?" Yes, of course you can.

But with water restrictions still in place we do ask that residents follow these guidelines: please don't let excessive amounts of water leave your property and run down the gutter; wash your vehicle with a bucket and a hose with a shut-off nozzle; in addition, please don't wash hard surfaces like siding, sidewalks and driveways with a hose, use a broom instead.

Water conservation is everyone's responsibility.

RECYCLE PICK UP

Does the City of Northglenn pick up the trash at your house? Have us pick up your recyclables, too - and it's free! Call 303.450.4004 for details.

WATER WORKS

In October, crews added storm pipes to the north end of Malley Park, near Malley Elementary School. This will reduce the puddles and ice on the sidewalk, improving safety for residents and students.

Marketplace Purchased ► \$48 Million Deal for Center

The Northglenn Marketplace, located at I-25 and 104th Avenue, has been purchased by an affiliate of Hutensky Capital Partners (HCP) of Hartford, Conn. The 439,000-square-foot center on a 55-acre site was sold for \$48 million.

"This represents a great opportunity to invest in a healthy retail market and our Fund has the expertise to help the property reach its full potential," said Brad Hutensky, CEO of HCP. "We are also excited about the opportunity to work with the City of Northglenn and our retail partners to create a revitalized center."

Refreshing, re-branding and re-energizing the center is a primary goal of HCP. They plan to stabilize the center by filling the empty storefronts with new businesses while retaining current tenants. The initial focus will be a combination of retail, restaurants, and entertainment-related tenants.

Business Outreach

► Help Shovel for Your Neighbors

Looking for a way to help others in the community?

Many people in Northglenn are unable to shovel snow from their own sidewalks. You and your employees can help by becoming Snow Stormers.

Get involved. Simply sign up to clear snow this fall, winter and spring for one or more city residences. The need is great and the personal reward tremendous.

Shoveling can be done before, after or perhaps during work – whatever works for you and your business.

The city will honor your company with a certificate. The most committed business receives a plaque and a golden shovel as a token of appreciation.

For details about the business challenge, or to sign up as a resident volunteer for Snow Stormers, please contact Jenni Murphy at 303.450.8930 or jmurphy@northglenn.org.

TRAIL ETIQUETTE

Just like we have rules of the road, we have rules of the trail, too. Keep these guidelines in mind so we can all travel safely:

- Stay on the right-hand side, unless to pass
- Slow down and be alert when approaching other trail users
- Signal or call out to let others know you are passing
- Pass in a single file
- Slower traffic always has right of way
- Bicyclists yield right of way to everyone else

SEASON OF GIVING

Bearded Police Standing Against Cancer

The Police Department will have a few less close shaves in November.

The force is growing out their facial hair as part of No Shave November, a benefit for the American Cancer Society. Now a yearly tradition, the department raised about \$7,600 in 2016.

If you would like to contribute to this follicle fundraiser please contact Officer Brian Kidwell at 303.450.8974 or bkidwell@northglenn.org.

Officers from 30 local law enforcement agencies get to know local deserving families. They put together a holiday wish list for the children and match them up with donated gifts.

Starting Nov. 13, you can help by donating NEW gifts at the police station in City Hall, 11701 Community Center Drive. These presents should be appropriate for youth of all ages, from babies to teenagers. Please - no food, used items or toy guns.

For more information contact Officer Scott McNeilly at 303.450.8852 or smcneilly@northglenn.org, or go to www.christmascrusadeforchildren.org.

City Accepting Donations for Local Families

With the holiday season nearly upon us, the city has opportunities for you to help out your neighbors and community!

We're accepting donations of food, bicycles and warm coats Nov. 20-Dec. 13. Drop them off at City Hall, 11701 Community Center Drive, the Northglenn Recreation Center, 11801 Community Center Drive, or the Maintenance & Operations Building, 12301 Claude Court.

You can help get those bikes ready for giveaway on Sat., Dec. 9, 8 a.m.-11 a.m. at

Maintenance & Operations.

For more details on helping or nominating a deserving family, contact Jenni Murphy at jmurphy@northglenn.org or 303.450.8904.

Citizen's Police Academy Alumni Association of Northglenn volunteers help wrap presents for last year's Christmas Crusade.

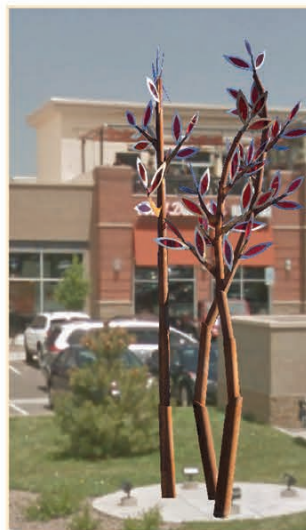

Christmas Crusade

Help the Police Department bring the joy of the holidays to underprivileged youth as part of the KYGO Christmas Crusade for Children.

On Dec. 9, come on by to the Maintenance & Operations Facility for the annual bike clean up. We've been collecting bicycles all year, but we need to get them cleaned up and make a few minor repairs so they'll be ready to be given away.

NEW SCULPTURES COMING TO PROMENADE

The Webster Lake Promenade is growing - but not with new buildings. Metal sculptures representing native grasses of Colorado will be installed in the center of the bustling shopping area, located at 120th Avenue and Grant Street. These 18- to 25-foot installations are welcome additions, expanding the city's public collection to 25 artworks. Thanks to the Northglenn Arts & Humanities Foundation, Northglenn Urban Renewal Authority and Hawkins Development for their support on the project.

▲ **Top:** Artist renditions of where the sculptures will appear and how large they will look compared to cars and buildings in the promenade.

► **Right:** Close up of the "grass seeds" of the sculptures.

Upgrades for NGTV Channel 8

The city's government access Channel 8, or NGTV, is better than ever.

Recent equipment upgrades improved the screen quality and experience for viewers, and soon it will be available in high definition. The city will then have two channels, Channel 8 and an HD station in the 800 range.

NGTV provides residents with information about the city and other relevant programming. City Council meetings and study sessions are shown

regularly. So if you can't make it to a meeting, watch them on NGTV at a time that's convenient for you.

More details about NGTV in high definition and new programming will be posted at www.northglenn.org, and in the December Connection. For more information call 303.450.8713.

If you haven't watched, give it a try!

WHAT'S ON "NORTHGLENN NOW"?

In the latest editions of Northglenn Now, Mayor Joyce Downing talked to Public Works Director David Willett about everything water in Northglenn, and Northglenn Historic Preservation Commission member Lauren Weatherly discussed significant events in our area's timeline - both before and after Northglenn was incorporated in 1969. Check it out on Channel 8 or www.northglenn.org/northglennnow.

TRAVEL FILM SERIES

Cuba's Secret Side
November 15
10:30 am

A Film by Karin Muller

There's a side of Cuba you've seen before, and a side that you have not. Some say it's a tropical paradise, filled with healthy, happy people; others think it is a police state where almost everyone is trying to escape. Still the Cuban people have fascinating personalities: funny, creative, patient, friendly, ingenious. The filmmaker concludes that no matter what the countries politics or economics are - they're our neighbors. It's been fifty years, isn't it time we started talking again?

adults \$7.50
students/seniors \$6.50
