Village by the Park	288	196	183	0.64

Average CFS Ratio 0.30

Median CFS Ratio 0.31

Notes:

Total CFS (Calls For Service) indicates every call for police service during the specified time. **(This does not necessarily indicate a crime occurred - only that police involvement occurred).**

Net CFS (Calls For Service) is calculated by taking the Total CFS and subtracting selected calls such as fire alarms, relocated vehicles and text messages.

Ratio is calculated by dividing the Net CFS by the number of Units on the property. This allows properties of different sizes to be compared more accurately for police activity.
