Village by the Park	288	191	181	0.63

**Average CFS Ratio            0.30**

**Median CFS Ratio            0.33**

**Notes:**

**Total CFS** (Calls For Service) indicates every call for police service during the specified time. **(This does not necessarily indicate a crime occurred - only that police involvement occurred).**

**Net CFS** (Calls For Service) is calculated by taking the Total CFS and subtracting selected calls such as fire alarms, relocated vehicles and text messages.

**Ratio** is calculated by dividing the Net CFS by the number of Units on the property. This allows properties of different sizes to be compared more accurately for police activity.
