5. **INTERPRETATION OF DOCUMENTS AND SPECIFICATIONS:** Wherever the word "contract" appears, it shall be held to include all the documents as listed. No less than all of the parts of the contract documents shall constitute the formal contract. If any person contemplating submitting a proposal for the proposed contract is in doubt as to the true meaning of any part of specifications, schedules, or information sheets or the proposed contract documents, he may submit to the project manager a written request for an interpretation thereof. The person submitting the request will be responsible for its prompt and actual delivery. Any interpretation of such documents will be made only by an addendum duly issued, and a copy of such addendum will be mailed or delivered to each person receiving a set of such documents. The City will not be responsible for any explanation or interpretation of such documents which anyone presumes to make on behalf of the City.

6. **TERMS AND CONDITIONS:** As set forth in the contract agreements and any supplemental, the following terms and conditions will apply to this Request for Proposal, each vendor’s proposal and to the negotiations, if any, of any said contract. Submission of a proposal in response to this RFP indicates the vendor’s acceptance of the terms and conditions contained in this document and the contract.

7. **BIDDER EXPENSES:** The City of Northglenn will not be responsible for any expenses incurred by any vendor in preparing and submitting an offer.

8. **WITHDRAWAL:** A vendor may withdraw his proposal at any time prior to the expiration of the final date and time set for receipt of bids. Withdrawal notification must be in written form, and must be received in the Offices of the City Clerk prior to the closing date and time.

9. **IRREVOCABILITY:** Following the time of closing, all bids will become irrevocable offers to the City and will remain as such until 90 days from date of submission. By submission of a bid, the vendor agrees to enter into a
contract. In addition all quoted prices will be firm and valid up to 90 days from date of submission. The City may, in its sole discretion, release any proposal and return any bonds if applicable prior to the 90 days.

10. LATE PROPOSALS: Any proposal received after the Final date and time for receipt of proposal will not be accepted and will be unopened and discarded without being considered.

11. SIGNATURES OF VENDORS: Each vendor shall sign his proposal, using his legal signature and giving his full business address. The person signing the proposal must be an officer of the company or partnership. Bids by partnerships shall be signed with the partnership name by one of the members of the partnership or by an authorized representative, followed by the signature and designation of the President, Secretary, or other persons authorized to bind it in the matter. The names of all persons signing should also be printed below the signature. A proposal by a person who affixes to his signature the word, "President", "Secretary", "Agent" or other designation without disclosing his principal, may be held to be a proposal of the individual signing. When requested by the City, satisfactory evidence of the authority of the officer signing in behalf of the corporation shall be furnished. Bids submitted electronically are to be typed in lieu of written signature (see the cover letter).

12. OPEN RECORDS ACT: Notwithstanding any language contained in a proposal to the contrary, all proposals submitted to the City become the property of the City. Any information considered proprietary should be marked by the vendor and as such and will be kept confidential to the extent provided by law.

13. SALES TAX: Vendors shall not include federal, state, or local excise, sales or use taxes in prices offered, as the City is exempt from payment of such taxes.

14. MISTAKES IN BIDDING INSTRUCTIONS: If the City makes a mistake in drafting the bidding instructions or any other contract documents, the City reserves the right to reject any or all bids, or to require that vendors submit an alternate proposal with adjustments made to correct the error(s). Such errors will be set forth in an addendum. If the vendor has already been selected and has started performing work under the contract, and the City then discovers a mistake in the contract documents for which the City is responsible, the City may opt to reform the contract. If the mistake causes the vendor to receive compensation for materials not used in the work or for labor that would not be required for the work, the contract price shall be decreased proportionally. If the mistake causes the vendor to fail to bid on work which must be performed in order to properly complete the contract, the City may increase the contract price to equal the proportionate increase in the cost of required materials and labor caused to the vendor. In the alternative, the City may solicit bids for such additional work, or the City may reassign such additional work to another vendor, as the City deems appropriate. Nothing in this provision shall apply to mistakes made by the vendor in completing the proposal form or in performing the contract.

15. ACCEPTANCE OF PROPOSAL: It is expressly understood and agreed that the City reserves the right to reject any or all bids, to waive formalities, and accept the proposal which appears to be in the City’s best interest.

16. APPEAL OF AWARD: Solicitations will be awarded based on multiple criteria, price being just one of the conditions. Vendors can review the solicitation’s special terms and conditions for information on evaluation criteria. Vendors may appeal the award decision by submitting, in writing, to the City of Northglenn, a request for reconsideration within 7 calendar days after the posting of the Notice of Intent to Award, provided that the appeal is sought by the vendor prior to the City finalizing a contract with the selected vendor. Vendors who were deemed non-responsive are ineligible to participate in the appeal process.

17. DEFENSE OF SUITS: In case any action at law or suit in equity is brought against the City, any officer, employee, or agent thereof, for or on account of the failure, omission, or neglect of the vendor to do and perform any of the covenants, acts, matters, or things by this contract undertaken to be done or performed, or for the injury or damage caused by the negligence of the vendor or his subcontractors or his or their agents, or in connection with any claim or claims based on the lawful demands of subcontractors, workmen, material, men or suppliers or machinery and parts thereof, equipment, power tools and supplies incurred in the fulfillment of the contract, the vendor shall indemnify and save harmless the City, officers, employees, and agents of the City, of and from all losses, damages, costs (including attorney's fees), expenses, judgments, or decrees whatever arising out of such action of suit that may be brought as aforesaid.
18. CONTRACT NEGOTIATIONS: If the City decides to proceed and to negotiate a contract, the City intends to provide written notification to the vendor whose proposal is deemed by the City to be in the best interests of the City and the City will attempt to negotiate a contract with the selected vendor(s) on terms and conditions stated in this RFP or in the successful vendor’s bid, but shall also include terms and conditions later negotiated. If the City and the successful vendor are unable to execute a contract and the vendor has been notified that it is the successful vendor then the City may cease all discussions with the (first) successful vendor without any further obligation to that vendor and select another (second) vendor as the successful vendor. If the (second) vendor is rejected, as per the terms above, then the City, without any further obligation to that vendor, may select another (third) vendor as the successful vendor and so on, or the City reserves the right to reject all proposals and re-bid.

19. OPENING OF PROPOSALS: The City reserves the right to open Proposals received in response to this RFP, privately and unannounced, after the closing date and time.

20. EXTENSION OF TIME: No time extensions are being considered at this time; however, should the City extend this proposal, all vendors will be given the same considerations.

IX. INDEMNIFICATION

A. INDEMNIFICATION – GENERAL: The City cannot and by this Agreement does not agree to indemnify, hold harmless, exonerate or assume the defense of the Consultant or any other person or entity whatsoever, for any purpose whatsoever. Provided that the claims, demands, suits, actions or proceedings of any kind are not the result of professional negligence, the Consultant, to the fullest extent permitted by law, shall defend, indemnify and hold harmless the City, its Council members, officials, officers, directors, agents and employees from any and all claims, demands, suits, actions or proceedings of any kind or nature whatsoever, including worker's compensation claims, in any way resulting from or arising from the services rendered by Consultant, its employees, agents or subconsultants, or others for whom the Consultant is legally liable, under this Agreement; provided, however, that the Consultant need not indemnify or save harmless the City, its Council members, its officers, agents and employees from damages resulting from the negligence of the Council members, officials, officers, directors, agents and employees.

B. INDEMNIFICATION FOR PROFESSIONAL NEGLIGENCE: The Consultant shall, to the fullest extent permitted by law, defend, indemnify and hold harmless the City, its Council members, and any of its officials, officers, directors, and employees from and against damages, liability, losses, costs and expenses, including reasonable attorneys fees, but only to the extent caused by or arising out of the negligent acts, errors or omissions of the Consultant, its employees, agents or subconsultants, or others for whom the Consultant is legally liable, in the performance of professional services under this Agreement. The Consultant is not obligated under this subparagraph IX.B. to indemnify the City for the negligent acts of the City, its Council members, or any of its officials, officers, directors, agents and employees.

C. INDEMNIFICATION – COSTS: Consultant shall, to the fullest extent permitted by law, defend, investigate, handle, respond to, and provide defense for and defend against, any such liability, claims or demands at the sole expense of Consultant or, at the option of the City, agrees to pay the City or reimburse the City for the defense costs incurred by the City in connection with any such liability, claims or demands. Consultant shall, to the fullest extent permitted by law, defend and bear all other costs and expenses related thereto, including court costs and attorney fees, whether or not any such liability, claims or demands alleged are groundless, false or fraudulent. If it is determined by the final judgment of a court of any competent jurisdiction that such injury, loss or damage was caused in whole or in part by the act, omission or other fault of the City, its Council members, officials, officers, directors, agents and employees, the City shall reimburse Consultant for the portion of the judgment attributable to such act, omission or other fault of the City, its Council members, officials, officers, directors, agents and employees.

D. To the extent this Agreement is subject to C.R.S. § 13-50.5-102(8), Contractor's liability under this provision shall be to the fullest extent of, but shall not exceed, that amount represented by the degree or percentage of negligence or fault attributable to Contractor, any subcontractor of Contractor, or any officer, employee, representative, or agent of Contractor or of any subcontractor of Contractor. If Contractor is providing architectural, engineering,
surveying or other design services under this Agreement, the extent of Contractor's obligation to defend, indemnify and hold harmless the Town may be determined only after Contractor's liability or fault has been determined by adjudication, alternative dispute resolution or otherwise resolved by mutual agreement of the Parties, as provided by C.R.S. § 13-50.5-102(8)(c).

X. INSURANCE

A. Consultant agrees to procure and maintain, at its own cost, a policy or policies of insurance sufficient to insure against all liability, claims, demands, and other obligations assumed by Consultant pursuant to Section IX, above. Such insurance shall be in addition to any other insurance requirements imposed by this Agreement or by law. Consultant shall not be relieved of any liability, claims, demands, or other obligations assumed pursuant to Section IX, above, by reason of its failure to procure or maintain insurance, or by reason of its failure to procure or maintain insurance in sufficient amounts, durations, or types.

B. Consultant shall procure and maintain, and shall cause any subcontractor of Consultant to procure and maintain, the minimum insurance coverages listed below. Such coverages shall be procured and maintained with forms and insurers acceptable to the City. All coverages shall be continuously maintained to cover all liability, claims, demands, and other obligations assumed by Consultant pursuant to Section IX, above. In the case of any claims-made policy, the necessary retroactive dates and extended reporting periods shall be procured to maintain such continuous coverage.

1. Worker's Compensation Insurance to cover obligations imposed by applicable laws for any employee engaged in the performance of work under this Contract, and Employer's Liability Insurance with minimum limits of five hundred thousand dollars ($500,000) each incident, five hundred thousand dollars ($500,000) disease - policy limit, and five hundred thousand dollars ($500,000) disease - each employee.

2. Commercial general liability insurance with minimum combined single limits of one million dollars ($1,000,000) each occurrence and two million dollars ($2,000,000) general aggregate. The policy shall be applicable to all premises and operations. The policy shall include coverage for bodily injury, broad form property damage (including completed operations), personal injury (including coverage for contractual and employee acts), blanket contractual, products, and completed operations. The policy shall contain a severability of interests provision.

3. Professional liability insurance with minimum limits of six hundred thousand dollars ($600,000) each claim and one million dollars ($1,000,000) general aggregate.

C. The policy required by paragraph 2. above shall be endorsed to include the City and the City's officers, employees, and consultants as additional insureds. Every policy required above shall be primary insurance, and any insurance carried by the City, its officers, its employees, or its consultants shall be excess and not contributory insurance to that provided by Consultant. No additional insured endorsement to the policy required by paragraph 1. above shall contain any exclusion for bodily injury or property damage arising from completed operations. Consultant shall be solely responsible for any deductible losses under any policy required above.

D. The certificate of insurance provided for the City shall be completed by Consultant's insurance agent as evidence that policies providing the required coverages, conditions, and minimum limits are in full force and effect, and shall be reviewed and approved by the City prior to commencement of the Agreement. No other form of certificate shall be used. If the City is named as an additional insured on any policy which does not allow for the automatic addition of additional insureds, the Consultant’s insurance agent shall also provide a copy of all accompanying endorsements recognizing the City as an additional insured. The certificate shall identify this Agreement and shall provide that the coverages afforded under the policies shall not be cancelled, terminated or materially changed until at least thirty (30) days prior written notice has been given to the City. The completed certificate of insurance shall be sent to:
City of Northglenn  
Attn:  
11701 Community Center Drive  
Northglenn, Colorado  80233-8061

E. Failure on the part of Consultant to procure or maintain policies providing the required coverages, conditions, and minimum limits shall constitute a material breach of agreement upon which the City may immediately terminate this Agreement, or at its discretion, the City may procure or renew any such policy or any extended reporting period thereto and may pay any and all premiums in connection therewith, and all monies so paid by the City shall be repaid by Consultant to the City upon demand, or the City may offset the cost of the premiums against any monies due to Consultant from the City.

F. The City reserves the right to request and receive a certified copy of any policy and any endorsement thereto.

G. The parties hereto understand and agree that the City, its officers, and its employees, are relying on, and do not waive or intend to waive by any provision of this Agreement, the monetary limitations (presently three hundred fifty thousand dollars ($350,000) per person and nine hundred ninety thousand dollars ($990,000) per occurrence) or any other rights, immunities, and protections provided by the Colorado Governmental Immunity Act, Colo. Rev. Stat.,§§ 24-10-101, et seq., as from time to time amended, or otherwise available to the City, its officers, or its employees.

XI. NON-ASSIGNABILITY

Neither this Agreement, nor any of the rights or obligations of the parties hereto, shall be assigned by either party without the written consent of the other.

XII. TERMINATION

This Agreement shall terminate at such time as the work in Section I is completed and the requirements of this Agreement are satisfied, or upon the City's providing Consultant with seven (7) days advance written notice, whichever occurs first. In the event the Agreement is terminated by the City's issuance of said written notice of intent to terminate, the City shall pay Consultant for all work previously authorized and completed prior to the date of termination. If, however, Consultant has substantially or materially breached the standards and terms of this Agreement, the City shall have any remedy or right of set-off available at law and equity. If the Agreement is terminated for any reason other than cause prior to completion of the Project, any use of documents by the City thereafter shall be at the City's sole risk, unless otherwise consented to by Consultant.

XIII. CONFLICT OF INTEREST

The Consultant shall disclose any personal or private interest related to property or business within the City. Upon disclosure of any such personal or private interest, the City shall determine if the interest constitutes a conflict of interest. If the City determines that a conflict of interest exists, the City may treat such conflict of interest as a default and terminate this Agreement.

XIV. VENUE

This Agreement shall be governed by the laws of the State of Colorado, and any legal action concerning the provisions hereof shall be brought in the County of Adams, State of Colorado.
XV. **INDEPENDENT CONTRACTOR**

Consultant is an independent contractor. Notwithstanding any provision appearing in this Agreement, all personnel assigned by Consultant to perform work under the terms of this Agreement shall be, and remain at all times, employees or agents of Consultant for all purposes. Consultant shall make no representation that it is the employee of the City for any purposes.

XVI. **NO WAIVER**

Delays in enforcement or the waiver of any one or more defaults or breaches of this Agreement by the City shall not constitute a waiver of any of the other terms or obligation of this Agreement.

XVII. **ENTIRE AGREEMENT**

This Agreement and the attached Exhibits A and B is the entire Agreement between Consultant and the City, superseding all prior oral or written communications. None of the provisions of this Agreement may be amended, modified, or changed, except as specified herein.

XVIII. **SUBJECT TO ANNUAL APPROPRIATION**

PROJECT OVERVIEW, PROPOSAL REQUIREMENTS, AND SCOPE OF SERVICES

I. PROJECT OVERVIEW

The City of Northglenn is soliciting proposals from qualified engineering and environmental consultants to provide a comprehensive solution to solids (residuals) handling at the Northglenn Water Treatment Plant. At present, the City sends all solids and approximately 40 to 60 million gallons of water per year from the Water Treatment Plant to the sanitary sewer system, for treatment at the Northglenn Waste Water Treatment Plant. This configuration results in higher water acquisition costs for the City and results in higher costs at the WWTP. Additional improvements at the existing filters (filter to waste automation project, planned for 2020) will result in increased flows to the existing solids handling ponds. The goal of this project is to de-water the solids produced at the WTP and send at least 80% of the water back to the head of the Water Treatment Plant, and to document the cost savings from this approach. An engineering consultant will be retained through this RFP. A construction contact will be obtained by a competitive bid in early 2021.

The project delivery shall include, at a minimum, the following services:

A. Preliminary Engineering Report
B. 100% Plans and Specifications for Solids Handling Improvements (ready for bidding)
C. Construction Management Services (optional services which may be procured under future amendment, depending on budget)

The Consultant shall submit a complete proposal for the above-mentioned services as described in more detail below.

II. PROPOSAL REQUIREMENTS

The Consultant shall submit three (3) hardcopies of the proposal along with a flash drive containing the proposal as a PDF file. Each of the required services shall be itemized and specifically addressed in the proposal.

The proposal is not intended to be an expansive or elaborate document, but it should be thoughtfully composed and easy to understand. The proposal shall include a table of contents. The body of the proposal shall be no longer than fifteen (15) pages, not including the cover letter and appendices such as a current rate sheet, resumes, and other supporting documentation.

The City will award the requested engineering services based on the clarity and responsiveness of the proposal, Consultant’s experience with similar projects, and the Consultant’s approach to due diligence and commitment to managing costs effectively. The final selection will not be based
solely on cost. The City may, at its discretion, invite a shortlist of consultants to interview as part of the selection process.

The proposal shall include the following items:

1. Project Team and Executive Summary – Identify all members of the engineering team assigned to this project. Delineate the time commitment and specific role for both the Principal-in-Charge and the Project Manager as they relate to successful completion of this project. Summarize your firm’s area of expertise and experience on similar projects.

2. Project Management – Provide a methodology/work plan to meet the requirements of the scope of services. Include a critical path schedule identifying major phases in the scope of services, suggested workshop dates with City staff representatives, and deliverables. Explain how your firm will coordinate and communicate with City staff representatives. Identify your firm’s protocol for managing budget and keeping the City informed of potential scope creep.

3. Project Descriptions and References – Provide a detailed description of at least two (2) but not more than five (5) similar solids handling improvements projects completed within the last seven (7) years, for which your firm acted as design engineer of record. Projects that had a solids of residuals handling component to them will also be acceptable, provided that the respondent clarify how much of the project was directly related to solids or residuals handling. Provide the original contract price and final contract price, and explain any differences. If the reference project is part of a larger project, clearly identify the monetary value associated only with the solids handling portion of the project. Identify the rated capacity of the plant at which the improvements were installed. Summarize your firm’s accomplishments on each project, and provide a client reference and contact information. Firms with less than two reference projects need not respond to this RFP.

4. Proposal Fee, Scope of Services, and Rates – The Consultant, at a minimum, shall include a detailed fee estimate in tabular format encompassing all charges (project team members, subconsultants, materials, overhead, and markup) to accomplish the scope of services described herein. At the Consultant’s discretion, value added services may be included in the proposal. If additional services are included in the proposal, the Consultant shall clearly separate those additional services. Include a current 2020 standard hourly rate sheet in an appendix of the proposal.

A copy of the City’s standard professional services agreement is attached for reference. Exceptions to the agreement shall be submitted in writing for review during the question period. The City will address exception requests with shortlisted consultants. The City will not negotiate any further changes to the agreement after the proposal submission due date.
III. SCOPE OF SERVICES

Services to be performed under this task shall include:

A. PRELIMINARY ENGINEERING REPORT

- The Consultant shall prepare a detailed Preliminary Engineering Report (PER) which includes, at a minimum:
  - Accurately summarizes the existing solids handling process at the Northglenn WTP, and discusses the planned increase to the solids train when filter to waste automation becomes active. Provide a statement of the project goals.
  - Discusses which improvements were considered. Considers all available technologies and discusses pros and cons of each.
  - Presents a final recommendation on which improvements are selected for detailed design.
  - The PER shall include a detailed economic analysis of the proposed solids handling improvements. The City will provide a list of known costs of raw water, treatment costs at the WWTP, and other information as the consultant shall require in order to complete the economic analysis. The consultant should also comment on any additional manpower needs that the City will require to operate the new equipment. The consultant shall then calculate a savings rate, return period, ROI, and other cost data that the City can expect to receive as a results of the proposed improvements.
  - Provides a cost estimate and contingency recommendation that the City can incorporate into our 2021 budget requests for funding of the construction work.

- The consultant shall assist the City in all required submittals to CDPHE and/or any other regulatory bodies that may be required to obtain approval for the proposed improvements.

B. SOLIDS HANDLING IMPROVEMENTS DESIGN PHASE

- The City shall issue separate (verbal) notice to proceed for the design phase after acceptance of the Preliminary Engineering Report.

- The Consultant shall prepare design documents suitable for competitive bidding that the City can publish for bid in early 2021. The City will provide standard front end documents.

- Design documents shall include 30% conceptual plans, 60% review set, and 100% construction plans and specifications for all solids handling improvements. The City
of Northglenn will review and provide comments for each submittal. 100% plans shall be signed and sealed by a Professional Engineer (PE) registered in Colorado.

- If any equipment in the final plans and specifications is to be sole-sourced or available from only one vendor, the consultant shall assist the City in writing a sole source approval memo.
- Refine the cost estimate that was developed as part of the PER.
- Provide a list of submittals that will be required for construction. Review and respond to submittals after a construction contract has been signed to a qualified bidder.

C. CONSTRUCTION MANAGEMENT (Optional Services)

- At the option of the City, the consultant may be requested to provide Construction Management services during the construction of the proposed solids handling facilities. These services may include (but are not limited to):
  - Organize a construction kick-off meeting.
  - Weekly site visits to document construction progress and comment on the work.
  - Organize and attend a bi-weekly construction progress meeting.
  - Review construction contractor’s monthly pay applications.
  - Review and respond to any RFI’s issued during construction. Process RFI’s that may result in a cost or time impact to the project into change orders.
  - Generate as-built drawings of all improvements.
  - Generate a final punch list at substantial completion.
  - Confirm punch list items are resolved at final completion.
  - Visit the site at six and twelve months after start-up to collect data and compare actual results of the solids handling improvements to expected results from the PER. Write a technical memo documenting the results of the solids handling improvements project, to be attached to the PER and stored with WTP records.

- The respondent is requested to price construction management services at this time, however, CM services may not be included in the initial contract award, depending on budget. If necessary and if funding allows, the City may issue an amendment to the agreement at a later date to procure construction management services.
IV. PROJECT ADMINISTRATION

a. Consultant Expectations

- The Consultant shall participate in bi-weekly conference calls with the City to discuss project status, schedule, and budget. The Consultant shall prepare and submit a brief project summary with key performance/progress metrics prior to the conference call.

- The Consultant shall submit monthly billing statements identifying the work being performed under each category in the scope of services. The statements must be supported by daily work annotation clearly articulating the work being performed and time commitment of each project team member.

- The Consultant shall collect and review existing water treatment plant as-built drawings and records, and shall meet with the plant staff to gather information on existing facilities that may not be formally documented. Promptly advise the City in the event that additional information on existing facilities is required.

- The Consultant will be required to communicate with existing City’s other consultants working on the Filter to Waste Automation project, and other tasks, to coordinate the effects of the multiple projects on overall WTP operations.

b. Deliverables

- 100% Plans and Specifications for Construction – 3 sets of the document, plus electronic submittal.

- Construction Management Services – to be determined.

c. Progress to date

- The City conducted a one week test study with a vendor to demonstrate a screw press dewatering machine. The results of this study are available by email request to the City project manager (mroman@northglenn.org).

- An additional test of a fan press machine is scheduled for June 2020.

- As part of the PER, the selected consultant may recommend additional technologies for demonstration prior to selecting a technology to be used for dewatering of the sludge.
V. EVALUATION OF BIDS

The City, in selecting the successful respondent will consider the following criteria:

- Overall rating of Letter of Introduction/Executive Summary. (Max. 10 points)
- Qualifications of the Project Team. (Max. 20 points)
- Adherence to Statement of Requirements. (Max. 10 points)
