

CITY OF NORTHGLENN

**2018 TRAFFIC SIGNAL IMPROVEMENT PROGRAM
IFB 2018-011**

ADDENDUM NO. ONE TO IFB 2018-011

DATED: July 26, 2018

TO: BIDDERS

The following adds to, supplements, amends or clarifies by way of explanation, portions of the Contract Documents, Specifications, and Drawings for the above named project.

NOTE: It will be the responsibility of the Bidder to acknowledge receipt of Addenda on the Bid Form as part of his/her submitted proposal. Failure to do so will be grounds for the City to reject the proposal.

The Contract Documents, including the Specifications and Drawings are hereby modified by the following items:

Schedule: None

Specifications: None

Bid Summary:

See attachments for updated bid summary.

Drawings: None

Questions and Answers: None

Attachments: Pre-Bid Conference Sign-In Sheet
Bid Summary

END OF ADDENDUM NO 1

BID SUMMARY

Through this project existing traffic control cabinets will be retrofitted with uninterrupted power supply (UPS) systems. Each system will be installed via a piggy back cabinet attached to the existing traffic control cabinet. If it is determined that a piggy back cabinet is not a viable option at an intersection the bid alternate will be used and the UPS system will be installed in a free-standing cabinet. For further detail and equipment specifications see pages four through seven of the IFB Special Conditions.

(Vendor Name)
