Volunteers Needed! Holiday Bike Clean Up and Repair Morning

8-11 a.m., Sat., Dec. 10, Maintenance & Operations Facility
12301 Claude Court

(Northglenn, CO) Here's a great way to get into the holiday spirit. The city of Northglenn is hosting its annual bike clean-up and repair morning, which is the culmination of the year-round Northglenn Bike Program. On Dec. 10, additional volunteers are needed as all bikes must be repaired, cleaned and prepped for delivery the following week.

In the Bike Program, old, unused and broken bikes are collected year round, and a dedicated team of volunteers spend countless days throughout the year renovating the bicycles so they can be donated to less-fortunate youth in the community. The Dec. 10 event is the final day bikes are prepped prior to delivery.

Volunteers on Dec. 10 need to wear warm clothing. Bringing tools to repair the bikes is helpful but not necessary. For more information, or to RSVP by Dec. 9, please contact Jenni Murphy at [303.450.8904](tel:303.450.8904) or jmurphy@northglenn.org.
